

# Scrum.org Professional Scrum with Kanban

## About this course

Scrum is the standard for how Agile teams work. The two-day Professional Scrum with Kanban™ (PSK) course teaches Scrum practitioners how to apply Kanban practices to their work. Through theory, case studies and hands-on exercises, participants will understand the importance of transparency and flow as it pertains to the Scrum framework.

Scrum exists only in its entirety and functions well as a container for other techniques, methodologies and practices. Scrum teams keep improving how they work, based on what they learn, by inspecting and adapting on an ongoing basis.

In this class, students will learn how Scrum Teams can introduce additional practices from Kanban while continuing the way they are already working today with Scrum, all without changing Scrum.

Scrum.org and our Professional Scrum Trainers have worked with Daniel Vacanti in the creation of this course. In 2007, Daniel helped to develop the Kanban method for knowledge work. He managed the world's first project implementation of Kanban that year, and has been conducting Kanban training, coaching and consulting ever since.

## Who should attend

The PSK course is for anyone using Scrum. It's particularly beneficial for those within an organization who use Scrum to deliver products to market, including product owners, development team members and Scrum Masters.

## Course topics

- Dispelling common myths
- Understanding Professional Scrum
- Kanban theory, principles and practices
- Kanban in practice
- Scrum within Kanban

## Course schedule

Visit [insight.com/events](https://insight.com/events) to find an upcoming PSK course in a city near you.

## Trainers

Insight is recognized as a member of the Scrum.org Professional Training Network. This means we align with the Scrum values, have Scrum.org trainers who teach a qualifying number of Scrum.org Professional Scrum classes, and are committed to improving the profession of software delivery in part by providing Scrum.org training.

## Assessment and certification

Upon course completion, attendees have the opportunity to take an online assessment of their skills and earn their PSK I certification.
