

# Scrum.org Professional Scrum Foundations Course

## About this course

Professional Scrum Foundations™ (PSF) is a two-day course that prepares students to begin effectively using Scrum immediately by building products in a series of Sprints. The framework, mechanics and roles of Scrum are emphasized with importance placed on practical application, and common missteps and misunderstandings are discussed to provide students with a higher awareness of the associated symptoms.

Whether your team requires a flawless Scrum launch or a reboot of a struggling Scrum implementation, this course lays the foundation for an effective Scrum team. PSF also provides the foundational knowledge needed for role-focused training, such as Professional Scrum Product Owner and Professional Scrum Master.

## Who should attend

PSF is appropriate for anyone working on or with a Scrum Team. The course is especially well-suited for companies or teams investigating Scrum, those who are currently struggling with Scrum or those beginning to use Scrum.

## Subject areas

- Scrum theory and principles
- The Scrum framework: roles, rules and artifacts
- Mastering Scrum
- Getting started

## Objectives

- Students will learn the mechanics and empirical foundation of Scrum.
- Students will have an understanding of the critical elements of mastering Scrum.
- Students are able to be effective members of a Scrum team or support those who are on a Scrum team.

## Course schedule

Visit [insight.com/events](https://insight.com/events) to find an upcoming PSF course in a city near you.

## Trainers

Insight is recognized as a member of the Scrum.org Professional Training Network. This means we align with the Scrum values, have Scrum.org trainers who teach a qualifying number of Scrum.org Professional Scrum classes and are committed to improving the profession of software delivery in part by providing Scrum.org training.

## Assessment and certification

Upon course completion, attendees have the opportunity to take an online assessment of their skills and earn their Professional Scrum Master I (PSM I) certification.
